

Live PLANTS

Live plants perk up any space but we especially love them for lounges, bars and any where you want to make a statement. Groupings of plants not only make the space inviting, they are proven to make people happier!

Lauren Sharon Design & Rentals is San Diego's only rental company that includes live plant rentals in its design packages. We won't leave you on your own to pull off this trend!

ROCKS & CRYSTALS

All types of stones and especially CRYSTALS are ROCKin' the design world!

The two hottest stones are Amethyst (purple: CALM, BALANCE) and Rose Quartz (pink: UNCONDITIONAL LOVE, ROMANCE.) We're giving away a little nugget of each and we hope they bring you an abundance of both!

Take one and share with us how you get creative with it!
